

**I-95 CORRIDOR COALITION
YEAR 15
SCOPE OF WORK FORM**

Project Title: Rail Network Feasibility Study
Project Code: 15-1T
Coalition Funding Amount: **\$35,000**
Program Track: 1 – Policy and Strategic Planning
Program Year: 15

SECTION A – BACKGROUND

Corridor level operations and planning require that decisions be based on sound information. Operations activities by Coalition members generate a tremendous amount of data for real time applications. These data also can be used in a wide array of planning, monitoring, and evaluation activities WITHOUT the need for original data collection efforts.

NEED

Objective:

The objective of this project is to determine whether it is cost-effective for the Coalition to acquire or develop a rail network for use in ICAT.

SECTION B – TASKS AND DELIVERABLES

The product of the study will be a series of recommendations on the most effective approach for the Coalition and a work plan, schedule, and budget of implementation of the recommendations.

SECTION C – BUDGET

General Budget Information (same as idea form information):

\$ 35,000 Total project costs.

\$ 35,000 In Coalition funds.
